III. General Provisions

A. Letters of Agreement

Following the execution of this agreement and within the scope of the provisions of this agreement, the parties may develop letters of understanding (LOA's) to formalize the operational details of student placements made hereunder. Such LOA's will address matters such as the beginning dates and length of the placement, the District employees who will be involved in the placement, the compensation that will be provided to District employee, etc.

Such LOA's will be considered as attachments to this agreement and will be binding when signed by authorized representatives of the parties. Provided, such LOA's may be modified by subsequent LOA's signed by authorized representatives of the parties.

B. Liability

Each party to this agreement will be responsible for the negligent acts or omissions of its own employees, officers, or agents in the performance of this Agreement. Neither party will be considered the agent of the other and neither party assumes any responsibility to the other party for the consequences of any act or omission of any person, firm, or corporation not a party to this Agreement.

Students participating in the educational program will be covered by _____ Insurance acquired by the student teacher. The limits on the liability policy shall be, at minimum, \$1,000,000 per occurrence. Certificates of such coverage purchased by the student teacher will be provided to the District upon request. Should proof of insurance not meet with the District's approval and satisfaction, the District will refuse to accept any student for placement.

C. Placements

The District's representative and the University's student placement agent will be responsible for assigning students, selecting cooperating teachers, who must have a minimum of three years teaching experience, and working out the student's program of experience. The University shall outline the University's educational goals and objectives to be attained by the placement. It is understood that this program will be developed in cooperation with principals and cooperating teachers; provided, however that the District reserves the right to terminate any student when it is deemed in the best interests of the District to do so. Provided, the University will be notified before any such final action is taken.

In assigning students and compensating cooperating District employees, it is recognized that it may be desirable for the student to work with more than one cooperating teacher, and in more than one field.

When students are assigned exclusively to certain specialized fields with department heads, or the equivalent, who act as the student's direct supervisor, it may be appropriate to allocate a proportion of the compensation to the supervisor.

D. Term of Agreement

The term of this agreement shall be for 3 years, beginning January 2019. This agreement may be renewed for additional periods if approved by both parties in writing. Notwithstanding the term stated, this agreement may be renewed and amended at the end of each school year.

Either party may terminate this agreement by written notice to the other party at least thirty days in advance of the beginning of any University semester. Nothing in this Article shall be

construed to permit either party to require such termination to occur during any University semester.

IN WITNESS WHEREOF the parties have caused these presents to be executed by their appropriate signators.
