Introduction to Lifetime Fitness

CEDARS Code 8001, 9/7/21

HEF 111/112

Instructor: Missy Widmann Phone: (253) 686-0001 Email: mwidmann@bethelsd.org

Grade Level: 9,10,11,12 Credit: Health and Fitness or Elective .5 NCAA Approved

Welcome! This class is an introductory course designed to promote lifetime fitness. Students will understand the five components and perform various activities to enhance their fitness levels in all five areas. Fitness assessments will be administered and evaluated throughout the quarter. Students will understand elements of nutrition, safety and basic anatomy and physiology. At Challenger High School we believe that all students can improve their level of fitness and we provide opportunities and for all students, regardless of fitness level.

9 Week Course:

Week 1: Pre-Baseline Fitness Testing

Week 2: Five Components of Fitness/FITT Principle

Week 3: Healthy Habits

Week 4: Intensity Levels & Target Heart Rate

Week 5: Muscular System

Week 6: Midterm Review & Midterm

Week 7: Training Principles & Skeletal System

Week 8: CPR/AED/RICE & Post Fitness Testing

Week 9: Final Exam Review & Final Exam

Be Ready to be Actively Engaged in Class!

Face to Face Learning Norms

- Be on time – Connect with me if you are unable to attend.
- Follow the flipped learning assignments in Canvas
- Co-create and practice classroom norms
- Practice 21st century skills of communication, collaboration, critical thinking, and creativity

Online Learning and Meeting Norms (as needed)

- Be on time for Zooms – Connect with me if you are unable to attend.
- Find a comfortable, pro-learning space for the meeting
- Engage – Options will include chatbox, video, and breakout groups
- Practice 21st century skills of communication, collaboration, critical thinking, and creativity

Be Ready to Demonstrate your Learning!

Standards Based Grading

- *Portfolio* - You will complete a Canvas portfolio that includes fitness scores (pre and post), health and fitness challenge lessons, graphic organizers and literacy assignments, and cognitive rehearsal activities.
- *Daily*

Activities – You are encouraged to participate in weekly activities that promote fitness and health.

• *Midterm/Health and Fitness CBA* – You will take unit quizzes, a midterm, and a final exam. All of the work that you do during the quarter will be addressed on the exams. **There are no retakes on the final exam.** •

Grading Rubrics – Standards based rubrics will be used to evaluate your progress on formative and summative assessments. (See Canvas for Project Rubrics).

• *ALE Progress* - Your progress is monitored weekly. Progress is at the discretion of the certificated teacher based on weekly evaluations and the students’ ability to complete the required learning benchmarks for that week. If a student fails to make collective progress, then monthly progress is unsatisfactory. Student monthly progress is specifically evaluated against progress benchmarks, which are clearly defined in the course for each week. In addition to the course schedule, these benchmarks may also come in the form of lesson, unit, assignment and/or assessment completion dates. These established progress benchmarks will allow teachers and students to assess the students’ educational progress in meeting the course learning standards. At a minimum, students must turn in at least one assignment per week to maintain a passing grade and a status of “making monthly progress,” but will need to complete all the instructor is asking for each week in order to complete the course on time.

• *Standards* - this course meets the State and School District graduation requirements. This course met the Common Core Standards for Washington State and the National Physical Education Standards. It is also aligned with appropriate practices recommended from SHAPE America.

• Common Core (Math and ELA) <http://www.corestandards.org/>

• National PE Standards <http://portal.shapeamerica.org/standards/pe/default.aspx>

1. I can regularly demonstrate **personal and social responsibility** through:

- Engagement
- Following Co-created Norms
- Personal Reflections

National PE Standards	4,5 National Health Standards 5,7,8
-----------------------	-------------------------------------

2. I can consistently demonstrate my understanding of **the importance of all phases of a workout/physical activity** through:

- Quality time (participation) in activity!
 - o Warm-up
 - o Main Activity
 - o Cool-Down

National PE Standards	1,2,3 National Health Standards 1,2,3,4,7
-----------------------	---

3. I can demonstrate my understanding of the **Five Components of Fitness, Fitness Principles and Fitness Skills**, as well as identify which activities address each of these components through:

- Quality time in activity!
- Identification of fitness components/fitness principles during activity
- Written Assessments

National PE Standards	1,2,3,5 National Health Standards 1,3,4,6,7
-----------------------	---

4. I can demonstrate my understanding of **simple and complex motor skills** through:

- Quality time in activity!
- Proficiency in movement combinations
- Effective movement skills in complex games / exercises

National PE Standards	1,2 National Health Standards	1,5,6,7
-----------------------	-------------------------------	---------

5. I can prepare for *lifelong fitness* through:

- Quality time in activity!
- Goal Setting
- Written Assessments
- Health / Fitness Planning

National PE Standards	3,4,5	National Health Standards	1,5,6,7
-----------------------	-------	---------------------------	---------

6. I can create projects about *lifelong fitness* through writing, demonstration, findings & evidence, & determine a theme or central idea of a text and analyze in detail:

- Produce clear and coherent writing
- Present information and findings clearly, concisely, and logically
- Written Assessments
- Determine themes and analyze health and fitness information

ELA Standards (Common Core)	CCRA.W.4 SL.9-10.4	RL.9-10.2
-----------------------------	--------------------	-----------

• *Redo/Late Work Policy* - Our focus is on student learning how to create individual life-long fitness plans. Some students progress at different speeds. We believe that students should have more than one opportunity to demonstrate what they have learned. With this in mind, we have developed the following policy for retaking tests:

1. Any student who wishes to improve their test grade may retake any exam, except the final exam. 2. A test or assignment must be redone during the quarter grading period and prior to the final turn in date.
3. All assignments can be accessed in Canvas and turned in via canvas, email, or in hard copy by the **FINAL TURN IN DATE.**
