Technical Requirements

Is your computer K12 ready?
K12 has several online components built into its lessons and tools. To use K12’s program, you’ll need a computer with an internet connection and free software programs, which you can download from the Internet.

Hardware with Windows Operating System
The minimum hardware recommendations to use the program are as follows:
- CPU: Intel Processor 1.0 GHz or faster processor (or equivalent)
- Browser: Microsoft Internet Explorer 7.0 or later, Firefox 3.0 or later
- RAM: 512MB of RAM

Hardware with Macintosh Operating System
- The minimum hardware recommendations to use the program are as follows:
- CPU: PowerPC G4 1 GHz or faster processor; Intel Core Duo 1.83 GHz or faster processor
- Browser: Firefox 3.0 or later, Safari 2.0 or later
- RAM: 512MB of RAM

Software
- Adobe Flash Player 10
- Java Runtime Environment
- Mozilla Firefox 3.0 or later
- Internet Explorer 7.0 or later
- Adobe Acrobat Reader 8 or later
- Apple QuickTime

Additional Technical Considerations
Touchscreens and Wacom tablets can interfere with accessing links in the Online School. Please see the manufacturer’s Support Site to configure these devices to work consistently with Flash Player.

K12 Scope & Sequence documents for each course include:
- Course Overview (as seen above)
- Course Outline
- Lesson Time and Scheduling

B.E.L.A. is proud to offer research-based curriculum from K12/Fueleducation. This online learning system helps parents and students organize their time, complete online lessons, submit assignments, connect with teacher, and attend online tutorial sessions. Parents facilitate daily lesson plans at the pace right for their child.

**Vision, Mission, & Values**

Bethel Elementary Learning Academy is a partnership between the Bethel School District and parents who choose to have their K-5 students learn from home.

This alternative learning experience offers a blend of on and off site-instruction with certificated teacher support, online courses, and traditional curriculum to meet the unique and individual needs of students. The student is enrolled in the Bethel School District, which will assess their learning progress.

**Academics**

B.E.L.A. is proud to offer research-based curriculum from K12/Fueleducation. This online learning system helps parents and students organize their time, complete online lessons, submit assignments, connect with teacher, and attend online tutorial sessions. Parents facilitate daily lesson plans at the pace right for their child.

**Community**

- Choices of weekly on-campus group activities, for small group learning and socializing
- Families can take advantage of other opportunities at their local school (PE, Art, Music, Orchestra, Band)
- Monthly field trips/events

**Who May Enroll?**

Enrollment is open for families residing in the Bethel School District boundaries.

**Our Staff**

Every student has the support and supervision of a highly qualified-certificated teacher who offers small group or individualizes lessons. Parents receive support to collaborate strategies and set learning goals.

“I like that my daughter receives individualized attention. Even when she is struggling, the teacher knows how to help pick her back up. She has helped me grow as a learning coach as well. B.E.L.A has left a permanent mark on me and my daughter and we will never forget it!”
