SCHOOLS

Project: New Bethel High School
Document Reference: GC/CM Request for Qualifications (RFQ) dated June 8, 2022
Addendum: **Addendum No. 1**
Date: January 13, 2023

The information below modifies and / or provides clarification information to the GC/CM Request for Qualifications for the New Bethel High School project based on questions received from by potential submitters.

Questions and Clarifications

1. Can you confirm that the Project Profiles requested in Sections B (Firm GC/CM Experience & Past Performance) and C (Firm Experience on Projects Involving Environmental Considerations) are excluded from the overall page count?

Project data sheets are excluded from the overall page count.

2. Do the table of contents and the tab pages count toward page limits? (I see covers, resumes and project data sheets [which would be those in section B] are excluded in the instructions.)

The table of contents and tab pages do not count toward the page limit.

3. For the PDF submission in regards to the APP plan – can we send a link that contains the file for download in that email? We would normally attach a reduced proposal file for email purposes for submission, and also provide the full resolution proposal file via the same download link as the APP plan if it is desired.

It is acceptable to provide a link to download the APP plan files.

4. Page 10, section I of the New Bethel High School RFQ outlines 3 components of a team's approach to project safety and worker health. Item 3 is listed as a Risk Management Program. Can you please clarify the difference between a team's Accident Prevention Program and a team's Risk Management Program as it relates to project safety and worker health for this question?

The Risk Management program we requested is likely already captured within your Accident Prevention Program in some way. The District does not need a separate document or statement for this item.

5. Does Section C- Environmental Project Examples counts towards the 30 page limit, or are those project sheets excluded from the page count, along with Section B?

Project data sheets are excluded from the overall page count.

6. Section H - Diversity & Inclusion - in order to provide a comprehensive, detailed outreach and inclusion plan, we would need more than 30 pages. Is it possible to provide these plans in an appendix that does not count towards the page limit?

Diversity and Inclusion information is counted in the 30 page limit. We will not accept this as an appendix.
