Important Information

GRADE LEVEL SLIDES:
6th Grade Week of 4/20- PLEASE CLICK AND READ!
7th Grade Week of 4/20- PLEASE CLICK AND READ!
8th Grade Week of 4/20- PLEASE CLICK AND READ!

As promised, and based on the feedback from families, above are the grade level slides for this week. The intent is for students and families to be able to check ONE SPOT in order to know what students are responsible for in each class. Please note that all of the classes for each grade level are on the slides, so students/families should only check the slides for classes that apply to them. All detailed instructions for the assignments and lessons will be posted in the ANNOUNCEMENTS section in Canvas. This is also based off of the feedback from families concerned that there were too many places in Canvas where teachers posted information. From this point on, parents/guardians will not be receiving multiple emails about assignments. You only need to check the grade level slides, and if you choose you can view the Canvas announcements for further details. Students will continue to receive emailed information and directions, all of which will come from the announcements section in Canvas. We will check in on how it’s going from the various perspectives toward the end of this week, and will fine tune as needed.
