FALCON FAMILIES,
We know long distance learning is challenging for families and students. We are all doing our best to navigate this experience. We are here to help you and your child(ren) during this time so please do not hesitate to reach out.
As a means to support our students we are making phone calls for students who are partially/not engaged. The purpose of these phone calls is to check-in to see how things are going and to see if you need any support from us. Our goal is for all of our students to be fully participating and engaged in every class, but we know that sometimes that just isn't possible. Please take time this weekend to get our and enjoy the sun!

SECOND STEP WEEKLY LESSON

Beginning this week, Mrs. Zarling, Mr. Rogen, and Mrs. Stallman will be hosting zoom Second Step lessons to continue to support our students social/emotional well being.

The schedule is as follows:
6th grade: Monday, 11:00 - 11:30 am
7th grade: Tuesday, 12:00 - 12:30 pm
8th grade: Wednesday, 11:00 - 11:30 am

The links to join the zoom meetings are in the grade level Learning Expectations powerpoint.

**Grade 6, Lesson 25**: FAMILY LESSON SUMMARY: In this week’s lesson, your child will explore the difficult topic of bullying. While protecting students from bullying is the job of the adults at school, students themselves have a great deal of power to stop bullying by supporting people who are being bullied. In this lesson, your child will think of small, simple things he or she can do to help stop bullying.

FAMILY LESSON QUESTION: Ask your child how he or she can help put a stop to bullying, and talk about what can make it difficult.

**Grade 7, Lesson 25**: FAMILY LESSON SUMMARY: This week’s lesson is about gender harassment, which is when boys or girls are bothered, teased, or bullied because they act differently from most boys or girls, or because they may be gay, lesbian, bisexual, or transgender. Gender harassment is a serious issue and can cause serious harm to students.

FAMILY LESSON QUESTION: Ask your child what he or she thinks school would be like if there were no harassment.

**Grade 8, Lesson 25**: FAMILY LESSON SUMMARY: Sexual harassment is common in middle school and can cause emotional harm to students. In this week’s lesson, your child will learn to recognize sexual harassment and identify ways to help stop it.

FAMILY LESSON QUESTION: Ask your child what he or she thinks school would be like if there were no harassment.

NEWS FROM AROUND THE DISTRICT

Teacher Appreciation Week: Happy Teacher Appreciation Week! We truly have some of the best teachers in the world, and we love any opportunity to celebrate them. Thank you for your dedication to our children and our community! [https://youtu.be/mwccjUF1i-k](https://youtu.be/mwccjUF1i-k)

Food Pantry: What began as a small project to help a few families make it through these difficult times has grown into a massive resource pantry that's helping hundreds of Bethel community members. It all started when Graham-Kapowsin High School social worker Katie Kimball began collecting food and supplies for a small pantry to help local families that needed food for the weekends. Nick Rogen and Alayna Septon, counselors at Frontier Middle and Nelson Elementary, soon joined the effort and before long the tiny pantry had grown into something not-so tiny. Teachers, community members, and even the GKHS football team volunteered!

The pantry runs every Friday at GKHS from 10 a.m. to 1 p.m., and anyone in the community is welcome to drop by if they are in need. If you’d like to help out, you can drop off food or household supplies during normal pantry hours.
